

We at Hardin's Photography wanted to include you on something that has been very popular at our studio! This is new to many of you, yet some have been taking advantage of it for the past three years. It is a great opportunity to receive quality photography at a low cost. We have a great time with many themed backgrounds and this March we will be having a Child Portrait Quicktake allowing you to choose from four different portrait backgrounds. We hope to keep you posted on all of our specials. You may also go to our website at hardinsphotography.com and choose to be added to our e-mail list.

Below is a list of the Quicktakes we have planned for 2009.
